# PARTICIPATE IN OUR RESEARCH AND WE PAY \$\$\$\$

**What do you do to participate?** Participation is easy! Parents/Guardians **fill out consent and authorization forms** [see below] for their youth (you earn \$25 each youth). Then, parent and youth participate in our optional surveys (this is for an additional \$25).

**Benefits (Up to \$75 for every 1 Youth and their Parent):**

**\$25:** for filling out consent and authorization forms to participate

**\$25** for 3 youth surveys (*Optional*)

**\$25** for 2 parents/guardians surveys (*Optional*)

**How:** Everything will be done **online**. We will text or email you the links, then talk with you over the phone to complete them and payment card (it's like a gift card) will be mailed to your address from University of Kansas! When you refer people, we will check to see if they qualify and we will text/email them the consent forms to sign up.

**Where to begin?**

**Step 1:** Click on this link ==> <https://lsidata.ku.edu/redcap/surveys/?s=FHRYEDH9FN> to refer any youths/parents that fits (Black/African-American, Wyandotte High Sch, Rising 10th and 11th graders).

ThrYve youths receive extra compensation if their referred student signs up for this research study. This research study only involves consent forms to participate and optional surveys. That is all the new youths have to do ....no meetings, no programs, no commitments!

**What is this Project?** We are recruiting Black/African-American male students at Wyandotte High School to gather information about things that affect them in their schools - like attitudes towards school, risky behavior, and how the students feel about their community. This study helps us collect information to better understand the overall needs of our youth and communities of **youth going into grades 10th and 11th grades in fall 2020 semester.**

**Who are we?** ThrYve is a youth initiative from the University of Kansas Center of Community Health and Development

**Who is eligible?** Black/African-American boys going into grades 10th and 11th in fall 2020 at Wyandotte High School.

**ThrYve Academy** This is open to youth with leadership interests. Youth will get experience with learning about how to make an impact in their community.

There will be hands on activities that involve making surveys and conducting focus groups. Students will get paid for their participation. Students will begin to meet in July.

Let us know if you would like to receive this leadership training!
